Year: _____ Make: _____ Model: _____

VIN #: _____ Milage: _____

Hullco Guidelines:

We will be taking “before” pictures prior to work starting.

We may use pictures of your vehicle on social media. No names will be mentioned. Just pictures of the vehicle.

We work on a time and materials basis due to the difficulty in doing an estimate on classic and antique vehicles. There are too many variables such as condition, materials and parts to provide an accurate estimate.

An upfront deposit is required and will be determined based on the scope of work to be done.

We will provide a monthly invoice including draw status from deposit, work completed, parts purchased and photographs of work conducted. It is the customer’s responsibility to request these updates on a more frequent basis. Hullco Garage will do a best effort to have these status updates done unilaterally, but are not required.

I have consented to Hullco Garage to perform said work and will pay for parts needed for restoration based on agreement provided.

Initial

Budget/Authorization:

Hourly Rates:

Mechanical Repairs \$99 | Body/Metal Repairs \$109 | Custom Fabrication \$119

Deposit Received: _____

Once restoration is complete, Hullco Garage will conduct a final walk through with the customer. At that time, the customer shall sign off on the completed restoration. Hullco Layton Garage does not guarantee wear of vintage parts used on the vehicle. Accepting the restored vehicle from Hullco Layton Garage is the customer accepting all restorations as satisfactory and the customer assumes all responsibility for the vehicle at that time. Any additional future restorations will be paid for by the customer.

initial

I authorize the garage to charge my credit card ten (10) days after receiving an updated bill unless I object in writing (e-mail or regular mail) within ten (10) days, which notice must be received by garage within that ten (10) day period.

I do hereby consent to said conditions and certify all information provided is accurate.
